2.8. Emergency Rules

(a) In the event of an Emergency, as described in Rule 2.8(c), the Chief Executive Officer or any individual designated by the Chief Executive Officer may place into immediate effect a temporary emergency rule, which may remain in effect for up to thirty (30) calendar days, to undertake actions necessary or appropriate to respond to the Emergency, *provided* that, as soon as reasonably practicable within such thirty (30) calendar day period, the Board of Directors considers and approves such action and, if it disapproves such action, the temporary emergency rule shall be terminated. Should the Emergency persist for longer than thirty (30) calendar days, such temporary emergency rules may be extended for additional thirty (30) calendar day periods, so long as there is: (i) an affirmative vote of two-thirds of the members of the Board of Directors at a meeting at which a quorum is present; or (ii) there is a written authorization and acknowledgement signed by at least two Officers of the Company, *provided* that, as soon as reasonably practicable within such thirty (30) calendar day period, the Board of Directors considers and approves such action and, if it disapproves such action, the temporary emergency rule shall be terminated. In any event, the rationale for invoking such emergency authority should be documented by the Board of Directors as soon as reasonably practicable.

(b) Any temporary emergency rule adopted under this Rule may authorize the Company to act as the Board of Directors or Officers deem necessary or appropriate to meet the Emergency, and those actions may adversely affect the ability to trade on the Company. Therefore, the possibility of an Emergency, and the Company taking emergency action, is one of the risks that Participants should consider when deciding whether to trade on the Company.

(c) An “Emergency” may include any of the following circumstances, subject to the determination of the Board of Directors:

- i. any trading activity that constitutes manipulation or attempted manipulation of a Contract;
- ii. any actual, attempted, or threatened corner, squeeze, or undue concentration of positions;
- iii. any circumstance that may materially affect the performance of a Contract, including failure of the payment system or bankruptcy or insolvency of any Participants;
- iv. any action taken by the United States or foreign regulatory, judicial, arbitral, governmental (whether national, state or municipal) body; any

other contract market or board of trade; or any other exchange, market, facility, or trade association (foreign or domestic) that may affect the ability of a Participant to perform on Contracts or otherwise have a direct and material impact on trading on the Exchange;

- v. any circumstances that may have a severe, adverse impact upon the functions or operation of the Company including, for example, natural disasters such as fire or flood, terrorist acts such as bomb threats, physical plant breakdowns such as plumbing, heating, or air conditioning problems, system breakdowns such as power, telephony, cable, trading systems, or computer systems failures or interruptions to communications, the network, or the internet;
- vi. any circumstance in which it appears that a Participant or any other person is in such operational condition, or is conducting business in such a manner, that such person cannot be permitted to continue in business without jeopardizing the safety of Participants or the Company itself; and
- vii. any other unusual, unforeseeable, and adverse circumstance which, in the opinion of the governing board, requires immediate action and threatens or may threaten such things as the fair and orderly trading in, or the liquidation of or delivery pursuant to Contracts traded on the Company.

(d) If deemed necessary to combat perceived market threats caused by an Emergency, a Company official authorized to do so may suspend trading on the Company during the duration of the emergency or take any other action that the official thinks is necessary or appropriate. The official will order an end to the action taken in response to the emergency as soon as the official determines that the emergency has sufficiently abated to permit the Company to function properly. Actions resulting under this Rule include but are not limited to:

- i. modifications to limits on positions;
- ii. reduction of positions and exposure by Participants to certain Contracts;
- iii. cancellation of a Contract and return of any funds paid to enter Trades on the Contracts;
- iv. extension/shortening of the expiration and/or closing date of a Contract;
- v. suspension and curtailment of trading; and
- vi. changing a Contract's terms and conditions and/or specifications.

(e) If deemed necessary to combat operational inefficiencies or technical deficiencies, a Company official authorized to do so may suspend trading on the Exchange to conduct maintenance. Such maintenance windows will be announced on the Company's website.

(f) The Company will make every effort practicable to notify the Director of the Division of Market Oversight of the CFTC, the Director's delegates, and/or other persons designated by the CFTC's Regulations that the Company intends to implement, modify, or terminate a temporary emergency rule pursuant to Rule 2.8(a) or an action in response to an emergency pursuant to Rule 2.8(d) prior to the implementation, modification, or termination of the rule or action. If it is not possible to notify the CFTC prior to the implementation, modification, or termination of the rule or action, the Company will notify the CFTC promptly of the implementation, modification, or termination of the rule or action.

2.9. Restrictions on Certain Persons Who Possess Material, Non-Public Information

(a) No Company Personnel and no member of any committee or panel established by the Board shall use or disclose any material, non-public information obtained in connection with the performance of his or her official duties, for any purpose other than the performance of his or her official duties.

(b) No Company Personnel and no member of any committee or panel established by the Board shall disclose to any other Person, including to any Affiliate that is a Participant, material, non-public information, however obtained (including, without limitation, material non-public information obtained by an employee or agent of the Company in connection with such employee or agent's employment or agency, as the case may be), if such Person could reasonably expect that such information might assist another Person in trading any Contract or related contract or financial instrument.

(c) No Company Personnel shall trade in any Contract, either for their own accounts or for the accounts of any other Persons.

(d) No Company Personnel, no Company Affiliates, and no member of any committee established by the Board of Directors of the Company shall trade in any Contract or related contract or financial instrument on the basis of material non-public information of the Company. For the avoidance of doubt, any Person who, by virtue of their role with, or as an Affiliate of, the Company, acquires material non-public information of the Company is prohibited from trading on the basis of such material non-public information, or disclosing such material non-public information except as consistent with their official duties.

(e) For purposes of this Rule 2.8, the terms "material information," "non-public information" and "commodity interest" shall have the meanings ascribed to them in CFTC Regulation § 1.59.

2.10. Conflicts of Interest

 - C. is associated with a named party in interest through a "broker association" as defined in CFTC Regulation 156.1;
 - D. has any other significant, ongoing business relationship with a named party in interest, excluding relationships limited to Contracts; or
 - E. has a family relationship (i.e., the member's spouse, parents, children, and siblings, in each case, whether by blood, marriage, or adoption, or any person residing in the home of the member or that of his or her immediate family) with a named party in interest.
- ii. Prior to consideration of any matter involving a named party in interest, each member of the deliberating body shall disclose to the Chief Compliance Officer whether such member has one of the relationships listed above with a named party in interest.
- iii. The Chief Compliance Officer shall determine whether any member of the relevant deliberating body is subject to a conflicts restriction under this Rule 2.10(b). Such determination shall be based upon a review of the following information:

- iv. In the event of a conflict involving the Chief Compliance Officer as a member of the deliberating body, the other members of the deliberating body shall determine whether any member of the relevant deliberating body is subject to a conflicts restriction under this Rule 2.10(b).

(c) Financial Interest in a Significant Action Conflict

- i. No member of the Board, Board Committee, or Disciplinary Panel shall participate in the body's deliberations or voting on any significant action if such member knowingly has a direct and substantial financial interest

in the result of the vote based upon either the Company or non-Company positions that could reasonably be expected to be affected by the action.

- ii. Prior to consideration of any significant action, each member of the deliberating body who does not choose to abstain from deliberations and voting shall disclose to the Chief Compliance Officer any information that may be relevant to a determination of whether such member has a direct and substantial financial interest in the result of the vote.
- iii. The Chief Compliance Officer shall determine whether any member of the relevant deliberating body who does not choose to abstain from deliberations and voting is subject to a conflicts restriction under this Rule 2.10(c) based on a review of the totality of the circumstances.
- iv. Any member who would otherwise be required to abstain from deliberations and voting pursuant to this Rule 2.10(c) may participate in deliberations, but not in voting, if the deliberating body, after considering the factors specified below, determines that such participation would be consistent with the public interest (e.g. if the member has significant expertise and background that provides useful context); *provided, however*, that before reaching any such determination, the deliberating body will fully consider the information specified in Rule 1.1(a).ii which is the basis for such member's direct and substantial financial interest in the significant action that is being contemplated. In making its determination, the deliberating body shall consider:
 - A. whether such member's participation could unduly influence the outcome of the deliberations;
 - B. whether such member's participation in the deliberations is necessary to achieve a quorum; and
 - C. whether such member has unique or special expertise, knowledge or experience in the matter being considered.
- v. In the event of a conflict involving the Chief Compliance Officer as a member of the deliberating body, the other members of the deliberating body shall determine whether any member of the relevant deliberating body is subject to a conflicts restriction under this Rule 2.10(c).

Such indemnification shall not be deemed exclusive of any other rights to which a person may be entitled under any agreement or as a matter of law or otherwise.

(b) The Company may purchase and maintain insurance on behalf of any person who is or was Company Personnel against any liability asserted against such person and incurred by such person in any such capacity, or arising out of such person's status as such, whether or not the Company would have the power to indemnify such person against such liability under the provisions of this Rule 2.11.

(b) The Chief Executive Officer or their delegate is authorized to provide information to an exchange or clearing organization that is a party to an information sharing agreement with the Company, in accordance with the terms and conditions of such agreement.

(c) All information received by the Company with respect to any information sharing agreement, shall be held in confidence by the Company and shall not be provided to any of its nonregulatory departments or divisions or any other person (including to any affiliate of the Company), except as follows:

Without limitation of the foregoing, any of the powers or functions of the Company under these Rules may be delegated to the NFA pursuant to the Regulatory Services Agreement in such manner and on such terms as the Company and the NFA may mutually agree.

(b) Customers of an FCM Participant or Broker Participant are subject to and required to adhere to these Rules. The applicable FCM Participant or Broker Participant must ensure and document that each of its Customers have received this Rulebook (and any applicable policies) and acknowledges that these Rules apply to the Customer's activity on or subject to the Rules of the Exchange.

(c) Unless a Customer is also a Direct Access Participant, a Customer must access the Trading System through its FCM Participant or Broker Participant.

(d) A Customer that is also a Direct Access Participant must notify the Company of the identity of each intermediary relationship in the form and manner the Company prescribes.

(e) A Customer may maintain accounts with multiple FCM Participants or Broker Participants, provided the Customer does not intentionally match its own orders across such accounts. If a Customer maintains multiple accounts, the Customer (directly or via its intermediary) shall disclose the identity of each such account to the Company in the form and manner the Company prescribes.

(f) For purposes of notice under these Rules, notice to an FCM Participant (or Broker Participant) shall be deemed notice to its Customer, and the Company may also provide notice by posting to the Company website consistent with its general notice procedures.

(g) Upon request of the Company, the applicable intermediary shall provide current Customer contact information (including email) sufficient to effect service of process and notices contemplated by Chapter CHAPTER 8.

(h) Intermediaries remain responsible for supervision of their Customers' activity and for complying with information requests; Customers remain subject to these Rules and Applicable Law.

3.7. Authorized Users

(a) Each Participant that is not a natural person shall be required to appoint one or more individuals to act as its Authorized User or Authorized Users, as applicable. Participants that are natural persons may act as their own Authorized User or may appoint a third party as his or her Authorized User, pursuant to a power of attorney or other instrument, in a form prescribed or approved by the Company, providing such third party with discretionary or non-discretionary trading authority with respect to the Participant's Account. The third party to which an individual Participant grants trading authority may be a related person of the Participant, or any unaffiliated party.

(b) Each Authorized User with discretionary trading authority with respect to the Participant's Account (i) must be a natural person and (ii) must satisfy any other requirements as may be prescribed by the Company from time to time.

(c) Without limiting the foregoing, each Authorized User must consent, in a form satisfactory to the Company, to abide by the Rules and Applicable Law prior to accessing the Trading System, and each Participant will ensure on an ongoing basis that (i) none of its Authorized Users is subject to a disqualification pursuant to any Applicable Law (unless an appropriate exemption has been obtained with respect thereto); (ii) each of its Authorized Users will be technically proficient; (iii) each of its Authorized Users will conduct its business in a fair and equitable manner; and (iv) each of its Authorized Users will conduct its business in accordance with the Rules.

(d) The Company may withdraw or suspend the registration of any Authorized User if the Company determines that:

- i. an Authorized User has failed, or has caused the Participant to fail, to comply with the Rules of the Company;

- ii. an Authorized User is not properly performing the responsibilities of an authorized representative of a Participant;
- iii. an Authorized User has failed to comply with the conditions set forth in Rule (c); or
- iv. it is in the best interests of maintaining a fair and orderly market to do so.

(e) If the Participant withdraws or the Company suspends the registration of any Authorized User, the Participant must ensure that such Authorized User does not submit any quotes or Orders into the Trading System.

(f) The registration of an Authorized User will be withdrawn upon the written request of either the Authorized User or the Participant for which an Authorized User is registered. Such written request shall be submitted in a manner prescribed by the Company. Until such written request is received and processed by the Company, or an Authorized User's registration is suspended or withdrawn pursuant to Rule 3.7(d), a Participant will be responsible for all activity of such Authorized User(s) related to the Company.

(g) An Authorized User shall not knowingly act as the counterparty, in any capacity, to any Order that the Authorized User placed or caused to be placed for another account (including a Customer of an FCM Participant or Broker Participant) or for the Authorized User's own or commonly controlled account. This restriction applies regardless of whether the Authorized User accesses the Trading System directly or through an intermediary.

(h) Where a Customer accesses the Trading System through an FCM Participant or Broker Participant, only individuals authorized by the applicable intermediary may submit Orders on the Customer's behalf. The FCM Participant shall restrict system access so that only the Authorized User of its Customer may enter Orders.

(i) Broker Participants and FCM Participants may enter Orders on behalf of Customers, subject to Rule 7.2(q). Customers of Broker Participants and FCM Participants shall be deemed Participants for purposes of compliance with these Rules.

(j) For each Order submitted for a Customer of an FCM Participant or Broker Participant, the intermediary shall provide to the Company, with each order message, a distinct identification code identifying the individual authorized to enter that Order on the Customer's behalf and shall provide to the Company upon request the name and contact information for such individual and Customer.

(k) Where the Customer is not an individual, the FCM Participant or Broker Participant shall, when required by the Company, ensure the Customer has and maintains a Legal Entity Identifier (LEI) acceptable under CFTC regulations and provide it to the Company.

(l) The Company may rely on instructions received through valid credentials and identification codes supplied under this Rule and may suspend or withdraw the ability of any identified order-entry individual (or require the intermediary to do so) where necessary to protect

market integrity or for violations of these Rules; notice to the intermediary is deemed notice to the affected Customer. The intermediary must promptly notify the Customer and disable the individual's access upon the Company's instruction.

3.8. Amounts Payable by Participants

(a) The Company shall have the sole authority to establish the amounts of any fees to be paid by Participants, and the timing of payment of such fees, and such fees shall be paid when due. In addition, the Company shall have the sole authority to impose other fees as it deems appropriate. The Company may post an updated fee schedule on its website from time to time. Participants are deemed to have notice of any changes made to such fee schedule that are posted on the Company website.

(b) Unless the Company, at its discretion, elects not to do so in any particular instance, the Company will withdraw the relevant fees directly from each Participant's Account at the Clearinghouse or Clearing Member's Customer Account at the Clearinghouse. The Participant agrees to pay, and authorizes the Company to withdraw from its Account: (i) any fees or charges associated with any transactions executed on the Company for its Account at such rate as is posted on the Company's website; (ii) any costs or expenses incurred by the Company in connection with its Account, including, but not limited to, any non-sufficient funds charges or charges imposed by the Clearinghouse's Settlement Bank; (iii) any other charges agreed upon between the Participant and the Company; and (iv) any other fines or penalties that may be imposed by the Company from time to time.

(c) If a Participant fails to pay when due any the Company fees or other amounts due by such Participant, and such payment obligation remains unsatisfied for thirty (30) Business Days after its due date, the Company as it deems necessary or appropriate, may suspend, revoke, limit, condition, restrict, or qualify the Trading Privileges of such Participant and its Authorized Users. Moreover, the Company may submit any amounts owed by a Participant in excess of thirty (30) Business Days to a third-party collection agency. The Company reserves the right to pursue any and all allowable legal action, whether criminal or civil, against the Participant to recover losses incurred as the result of fraud or misconduct, including attorney's fees and other legal expenses, and any other remedies permitted by law.

3.9. Participant Accounts

(a) Each Participant will be responsible for all Orders, transactions and other activity in or through its Account and for all amounts due with respect to any such Orders, transactions or other activity, including but not limited to required amounts of margin and premiums.

(b) By virtue of obtaining Trading Privileges, a Participant shall not obtain any equity or other interest in the Company, including voting rights or rights to receive any dividends or other distributions, whether arising from a dissolution, merger, consolidation involving the Company or otherwise.

3.10. Obligations Applicable to All Participants

(a) By accessing, or entering any Order into, the Trading System, and without any need for any further action, undertaking, or agreement, a Participant and its Authorized Users agree (i) to be bound by, and comply with, the Rules and Applicable Law; and (ii) to submit to the jurisdiction of the Company with respect to any and all matters arising from, related to, or in connection with, the status, actions, or omissions of such Participant and its Authorized Users. Any Participant and its Authorized Users whose Trading Privileges and/or Clearing Privileges at the Clearinghouse are revoked or terminated shall remain bound by the Rules and Applicable Law and subject to the jurisdiction of the Company with respect to any and all matters arising from, related to, or in connection with, the status, actions or omissions of such Participant and its Authorized Users prior to such revocation, or termination.

All Orders are matched with each other and executed electronically through the Trading System in accordance with an algorithm that gives first priority to Orders at the best price and priority among Orders entered at the same price based on their time of entry into the Trading System, with the Order first entered receiving first priority. Without limiting the generality of the foregoing, the algorithm to match Orders entered in the Trading System is based upon the following principles:

(b) An Order at a better price will always have priority over Orders at inferior prices. As among Orders at the same price, an Order with time priority will be executed before Orders that have been entered after the Order with time priority.

(c) Time priority will be assigned to the first Order at a price that betters the best price prevailing when the Order is received. Orders entered at the same price shall be prioritized based on time of entry into the Trading System. Orders with time priority will be matched first regardless of their respective sizes.

(d) An Order will not lose time priority with respect to Orders at the same price if and when an Order at a better price is entered, but it will lose price priority.

(e) Once an Order with time priority has been filled, the algorithm described herein will be applied to the remaining Orders at the same price. Thus, the Order received immediately after the Order that initially had time priority will be assigned time priority and be the next Order to be executed at such price.

(f) Notwithstanding anything in these Rules to the contrary, the Company may at any time use a different matching algorithm for a particular Contract by giving notice of such algorithm to all Participants at least ten (10) Trading Days before such algorithm is implemented.

5.5. Permitted Order Types

(a) Standing Limit Orders may be subject to minimum contract quantity requirements and will be executed when entered, in whole or part, to the extent that there are opposite Orders open in the Trading System, with any balance to remain as an open Order until it is executed, cancelled, expires, or is replaced by a Standing Limit Order with price priority.

(b) Market to Limit Orders may execute at the best market price, to the extent there is an opposite Standing Limit Order, but where if only a portion of the Order is filled, the remainder is then re-submitted as a Standing Limit Order with the price equal to the price at which the last fill on the Order executed.

(c) Fill and kill (“**FAK**”) is a time-in-force designation for an Order that is immediately filled in whole or in part at the specified price, with any remaining quantity canceled.

(d) Good ‘Till Cancelled (“**GTC**”) is a time-in-force designation for an Order which will remain in force until executed, cancelled or the Contract expires.

(e) Good ‘Till Date (“**GTD**”) is a time-in-force designation for an Order that is active until a specific date and time.

5.6. Trade Confirmations

(a) A printable record of all of the terms of each trade entered into on the Company or pursuant to the Rules will be available to the Participant immediately upon execution. Such record shall legally supersede any previous agreement and serve as a confirmation of each such trade. The Trading System may send confirmation messages to Participants upon execution of a trade via the appropriate method. The contract type, size, execution time, and execution method for each trade will be made available to each Participant after successful execution of any trade.

5.7. Order and Trade Errors

(a) The Exchange, in its discretion and in accordance with these Rules, may adjust or cancel an Order or Trade that is executed on the market at a price that is inconsistent with prevailing market conditions.

(b) Upon receipt of an error notification, either internally generated or from a Participant, the Company will review its electronic audit trail to determine, in its sole discretion, if the Company incorrectly rejected or processed an Order or Trade:

- i. On the same Business Day if the request was received prior to 12:00 Noon on a Business Day.

- ii. By the end of the following Business Day if such request was received after 12:00 Noon on a Business Day or on any day that is not a Business Day.

(c) The determination of the Company in its absolute and sole discretion is final.

(d) If the review reveals that the Order or Trade was correctly processed by the Company, then the Company in its sole discretion may resolve the Participant's review request as follows:

- i. If the system behavior is due to any fault of the Participant or the Authorized User, make no adjustments.
- ii. If the system behavior could not reasonably be anticipated or is due to no fault by the Participant or the Authorized User, the Company in its sole and absolute discretion may make a monetary adjustment from its own funds, that the Company in its sole and absolute discretion believes represents a fair and equitable resolution of the Order's or Trade's handling, *provided* that the Company shall have no obligation to do so.
- iii. No adjustments to another Participants' positions shall be undertaken.

(e) If the review reveals that the Order or Trade was incorrectly handled by the Company, then the Company in its sole and absolute discretion may resolve the Participant's error by:

- i. Cancelling such trade in the Accounts of all directly affected Participants.
- ii. Making a monetary adjustment, which in the sole and absolute discretion of the Company and from its own funds, that the Company in its sole and absolute discretion believes represents a fair and equitable resolution of the Order's handling, *provided* that the Company shall have no obligation to do so.

5.8. Reports of Large Positions and Ownership and Control Reporting

(a) Large Trader Reporting

- i. Each Participant, including Clearing Members as applicable, and any other Person, that is subject to large trader reporting pursuant to CFTC regulations relating to Contracts, shall, in a form and manner prescribed by the Company, concurrently submit to the Company a copy of all reportable positions at or above the reportable level of each contract ("**Large Trader Report**") that such Participant is required to report to the CFTC pursuant to CFTC regulations. Positions at or above the reportable level in a Contract in a discrete commodity code trigger

reportable status. For any account in reportable status in a Contract in a discrete commodity code, all Contract positions, regardless of size, in the same discrete commodity code must be reported.

- ii. All Large Trader Reports shall be submitted in a manner and form acceptable to the Company. The Company may require that more than one Large Trader Report be submitted daily. The Regulatory Oversight Committee or the Company may require reports from any Participant, including any Clearing Member, on a lesser number of positions than the reportable level set by the Company.

(b) Ownership and Control Reporting

- i. Each Participant, including Clearing Members, and any other Person, that is required pursuant to CFTC regulations to submit to the CFTC Form 102 (including CFTC Form 102A and CFTC Form 102B) relating to Contracts, must, in a form and manner prescribed by the Company, concurrently submit to the Company a copy of the required Form 102 (including CFTC Form 102A and CFTC Form 102B) identifying the owner, any controlling parties and any additional required information for each reportable account.
- ii. A reportable account for the purposes of this Rule is an account at or above the levels set by the Company.
- iii. The applicable Large Trader Report, Form 102A and Form 102B must be submitted to the Company no later than 9:00 am Eastern Time on the Business Day following the date on which the account becomes reportable. Additionally, Participants must submit a revised Form 102A and Form 102B reflecting any material changes to the information previously provided to the Company within three Business Days of such changes becoming effective. In the absence of any material changes, the Company may require electronic submission of a new Form 102A or Form 102B on an annual basis for the maintenance of accurate records.

(c) The Company shall comply with the requirements of paragraphs (a) through (h) of CFTC Regulation 17.00 as they apply to trading in any Contracts that qualify as “exclusively self-cleared contracts” within the meaning of CFTC Regulation 15.00.

5.9. Position Limits and Position Accountability

(a) Position Limits

- i. Position limits may be established by the Company from time to time for any Contract.
- ii. The maximum position will be set forth in the Contract Rules of any Contract with such limits.

- iii. No Person shall be permitted to enter into any transaction on the Company that would cause such Person to exceed any position limit, except that:
 - A. Upon application from a Participant, for hedging or other good cause shown, the Company in its sole discretion may exempt the Participant from limit on temporary or permanent basis.
 - B. Any exemption may include new limits.
 - C. The Company shall have the authority to review and rescind any exemption.
- iv. For purposes of this Rule 5.9(a), the Company will aggregate the Accounts for all Participants as provided by CFTC Regulation 150.4.

(b) Position Accountability

- i. The Company may, at any time, require a Participant and its Authorized Users who own or control positions in contracts traded on the Company to provide information relating to the nature and size of such person's position; the trading strategy employed with respect to the position; information supporting a determination of the hedging nature of the position; and such other position information as may be requested.
- ii. The Company may order the reduction of any such position of a Participant who fails to provide the information as directed, or in its discretion, order that a position above the position accountability threshold not be increased.

5.10. Public Data

(a) The Company will post on its website the pricing, current volume and open interest for all active Contracts on each Trading Day. The Company will also post on its website any other information as required by CFTC Regulation 16.01.

5.11. FCM or Broker Participant Suspension / Revocation

(a) Upon suspension or revocation of an FCM Participant or Broker Participant, the Company shall cancel any open Orders on the Trading System for such intermediary's Customers.

(b) Any trade subsequently executed on the Trading System for a Customer of such intermediary shall be invalid. The Company may cancel any such transaction by entering a counter-transaction at the price at which the canceled transaction was effected.

(c) The Company may take any additional steps reasonably necessary to protect market integrity and Customers, including but not limited to placing affected accounts in liquidation-only status.

CHAPTER 6 CLEARING

6.1. Submission and Acceptance of Trades for Clearing

(a) Participants are required to have sufficient funds on deposit with the Clearinghouse such that any executed Orders will be accepted by the Clearinghouse.

(b) To facilitate compliance with Rule 6.1(a), the Company, in its sole discretion and from its own funds, may advance funds for immediate use to a Direct Access Participant's Account, *provided* that it shall have no obligation to do so and *provided further* that:

- i. Such advance is administrative in nature due to the normal course timing of banking transactions and is not a loan.
- ii. Such Participant has submitted a bona-fide funds deposit request.
- iii. Such funds deposit request is being processed in the normal course of banking transactions by the Clearinghouse.
- iv. Such advanced amount shall not exceed the deposit request amount.

(c) Upon submission of an Order, the Clearinghouse will automatically review the Participant's Account to ensure that the Participant can fully margin/collateralize the transaction resulting from the Order, and pay any premiums or other amounts due upon execution or settlement of such transaction, prior to execution of the transaction. If the Participant's Account does not have the necessary funds and/or collateral for the Order, the Clearinghouse will not accept the Order.

(d) Upon the successful acceptance of Contracts submitted for clearing, the Clearinghouse shall immediately, through the process of Novation, be substituted as and assume the position of Seller and Purchaser. Upon such substitution, the Seller and Purchaser shall have no obligations to each other, and such Participants shall be deemed to have bought the Contract from or sold the Contract to the Clearinghouse, as the case may be, and the Clearinghouse shall have all the rights and be subject to all the liabilities of such Participants with respect to such transactions. Where an FCM Clearing Member acts to clear a Contract made for the account of a Customer, the FCM Clearing Member becomes obligated to the Clearinghouse, and the Clearinghouse becomes obligated to the FCM Clearing Member, with respect to such Contract in the same manner and to the same extent as if the Contract were for the account of the FCM Clearing Member. The Participants of the Contract are deemed to consent to the Novation by entering the applicable Orders on the Trading System and the Clearinghouse consents to the Novation by accepting the Orders on the Trading System. Such substitution shall be effective in law for all purposes.

(e) Contracts with the same terms and conditions submitted to the Clearinghouse for clearing are economically equivalent within the Clearinghouse and may be offset with each other within the Clearinghouse.

CHAPTER 7 PARTICIPANT CONDUCT

7.1. Core Principles

(a) The Company is committed to providing Participants with access to a secure, fair Trading Platform that complies with Applicable Law and the Rules.

(b) Notwithstanding anything to the contrary in these Rules, no Rule shall supersede any provision of Applicable Law. In particular, the anti-fraud and anti-manipulation provisions of the CEA, and any rules promulgated thereunder by the CFTC, shall remain in full force and effect with respect to, and will be fully applicable to, the trading of all Contracts.

7.2. Prohibited Practices

(a) No Participant shall violate any Rule, Applicable Law, or any agreement made with the Company.

(b) No Participant shall engage in fraudulent or deceitful conduct. Nor shall any Participant make any untrue or misleading statement or omit a material fact.

(c) No Participant shall enter, or assist in entering, any Order into the Trading System for the purpose of upsetting the equilibrium of the market in any Contract, creating, facilitating, or exacerbating a disorderly market, or creating a condition in which prices do not or will not reflect fair market values. Nor shall any Participant clear, or help to clear, any transaction if the Participant knows or reasonably should know that the transaction involves Orders placed for such purposes.

(d) No Participant shall engage in any trading, practice, or conduct on or subject to the Rules of the Company or the Clearinghouse that constitutes fraudulent or abusive trading. Nor shall any Participant enter, or assist in entering, any Order with knowledge that such Order is part of or in furtherance of any such trading, practice, or conduct.

(e) No Participant shall engage in any trading, practice, or conduct that constitutes a “disruptive trading practice,” as such term is defined by Applicable Law. Disruptive trading practices shall include any activity that (i) demonstrates intentional or reckless disregard for the orderly execution of transactions during the closing period; (ii) consists of placing one or more Orders with the intent to cancel such Order(s) prior to execution, or what is, is of the character of, or is commonly known to the trade as, “spoofing” (bidding or offering with the intent to cancel the bid or offer before execution); (iii) submits or cancels Orders with the intent to overload the Trading System; (iv) submits or cancels bids or offers with the intent to delay another person’s execution of trades; or (v) submits or cancels multiple bids or offers to create an appearance of false market depth.

(f) No Participant shall coordinate, collude, or act in concert with any other Person — whether or not such other Person is a Participant — for the purpose of moving, fixing, or artificially influencing the price of any Contract, dividing markets, or otherwise acting to the detriment of other market participants or the integrity of the market. No Participant shall enter into any agreement, arrangement, or understanding, whether express or implied, with any other Person to engage in any such conduct.

(g) No Participant shall enter, or attempt to enter, any Order into the Trading System with respect to any Contract on the basis of confidential information relating to the outcome or likely outcome of the event underlying such Contract, where trading on such information would constitute a breach of a pre-existing duty of trust and confidence owed to another person or entity.

(h) No Participant shall enter, or attempt to enter, any Order into the Trading System with respect to any Contract on the basis of confidential information relating to the outcome or likely outcome of the event underlying such Contract, where such information was obtained from, or such Order was directed or solicited by, a person who owed a pre-existing duty of trust and confidence to another person or entity, if the Participant knows or has reason to know that trading on such information by the person who communicated it or directed or solicited the Order would be prohibited under clause (g).

(i) No Participant shall enter, or attempt to enter, any Order into the Trading System with respect to any Contract if such Participant holds a position of authority or influence sufficient to affect the outcome of the event underlying such Contract, or if such Participant has been directed or solicited to enter such Order by a person who holds such a position of authority or influence.

(j) No Participant shall take a position in a Contract based upon nonpublic information regarding an impending transaction by another Person in the same or a related Contract, or in any commodity, security, index or benchmark underlying that Contract regardless of the exchange on or market in which the underlying is transacted, unless expressly permitted by Company Rules.

(k) No Participant shall enter into, or attempt to enter into, any transaction in any Contract that does not result in a change in beneficial ownership, or that is structured or arranged in a manner designed to preserve economic exposure in the same hands while creating the appearance of a transfer of ownership.

(l) No Participant shall engage in any act or practice that in any way attempts to circumvent the Company's Order processing, trade ordering, or trade execution systems, or that otherwise attempts to circumvent the exposure of any Order to open and competitive bidding.

(m) No Participant shall engage in any conduct, or structure any Order, series of Orders, or trading activity, with the intent to evade or obstruct the Company's surveillance, compliance, or enforcement functions, including but not limited to: deliberately structuring Orders or trading patterns to avoid detection thresholds; obscuring, misrepresenting, or fragmenting beneficial ownership information to defeat cross-account surveillance; or taking any action

designed to render the Company's trade reconstruction or audit trail capabilities less effective. The fact that individual Orders or transactions may be independently permissible shall not preclude a finding of violation where the pattern or structure of such Orders or transactions demonstrates an intent to evade surveillance.

(n) No Participant shall execute any fictitious transactions, or effect or induce the purchase or sale of any Contract for the purpose of creating or inducing a false, misleading, or artificial appearance of activity in such Contract, or for the purpose of unduly or improperly influencing the market price of such Contract, or for the purpose of making a price which does not reflect the true state of the market in such Contract.

(o) No Participant shall execute, or attempt to execute, transactions in any Contract during the closing period, or during any period used to establish a settlement or reference price, with the intent to move, fix, or artificially influence the settlement price of such Contract or any related Contract, benchmark, or index.

(p) No Participant shall place or accept buy and sell Orders in the same product and expiration month, where the Participant knows or reasonably should know that the Orders are intended to avoid taking a bona fide market position exposed to market risk (transactions commonly known or referred to as "wash sales"). Buy and sell Orders by Participants that are entered with the intent to negate market risk or price competition shall be deemed to violate the prohibition on wash trades. For the avoidance of doubt, opposing positions of the same expiration may be used to close positions before expiration and shall not be deemed to violate the prohibition on wash trades.

(q) A Participant (including through any of its Authorized Users) must not intentionally match, directly or indirectly, an Order it has placed or caused to be placed in any other capacity or account, including but not limited to the Participant's own direct account and any intermediated, managed, or commonly controlled account(s). This prohibition applies across all accounts under common ownership, control, or direction, whether Orders are entered directly, via API, or through an FCM Participant or Broker Participant. If Orders from accounts under common ownership, control, or direction match each other, such activity may constitute a violation of these Rules and Applicable Law. No Participant shall arrange and execute simultaneous offsetting buy and sell Orders in a Contract with intent to artificially affect reported revenues, trading volumes or prices. Additionally, no Participant shall knowingly execute or accommodate the execution of such Orders by direct or indirect means.

(r) No Participant shall accept simultaneous buy and sell Orders from the same beneficial owner for the same expiration of a particular Contract that could potentially execute against each other.

(s) All pre-negotiated or pre-arranged transactions that are not expressly permitted by the Company are hereby prohibited.

(t) No Person shall make any misstatement of a material fact to the Company or the Clearinghouse (including the Board of Directors, any committee thereof or any panel of any

such committee, or any Officer) or to the CFTC or the NFA (including any members of its staff), including on an application to become a Participant.

(u) No Participant or Authorized User may use its Trading Privileges or Clearing Privileges or access the Company or the Clearinghouse in any way which could be expected to bring disrepute upon such Participant or the Company or the Clearinghouse.

(v) No Participant shall engage in any act that is detrimental to the Company. It shall be deemed an act detrimental to the Company to permit unauthorized use of the Company, to assist any Person in obtaining unauthorized access to the Company, to interfere with the operation of the Company, to intercept or interfere with information provided thereby, or in any way to use the Company in a manner contrary to these Rules.

(w) Each Participant shall be responsible for establishing, maintaining and administering reasonable supervisory procedures to ensure that its Authorized Users and, in the case of FCM Clearing Members and Broker Participants, its Customers, comply with Applicable Law and the Rules. Each Participant shall be responsible for supervising its Authorized Users and may be held accountable for the actions of such Authorized Users and Customers.

(x) An Individual Participant shall not trade for a person or Entity other than itself. An Authorized User of an Entity Participant shall not trade for a person or Entity other than the Entity for whom that person is an Authorized User; provided, however, that this Rule shall not prohibit a Broker Participant or FCM Participant from entering Orders or transactions on behalf of its Customers, in accordance with Applicable Law and these Rules. Each Broker Participant and FCM Participant shall be responsible for establishing, maintaining, and administering reasonable supervisory procedures to ensure that Orders entered on behalf of Customers are authorized and comply with Applicable Law and the Rules. Broker Participants and FCM Participants may be held accountable for the actions of their Customers as if such actions were their own.

(y) Except in accordance with any policies or procedures for pre-execution discussion or pre-clearing discussion from time to time adopted by the Company, no Participant shall disclose to any Person any Order placed by any other Person, except to an Officer of the Company or a member of the staff of the CFTC, the NFA, or the Department of Justice, respectively. No Participant shall solicit or induce another Participant to disclose Order information. No Person shall take action or direct another to take action based on non-public Order information, however acquired. The mere statement of opinions or indications of the price at which a market may open or resume trading does not constitute a violation of this Rule.

(z) No Participant shall enter into or agree to transfer or assign the benefit of any position in any Contract to another person other than through a transaction executed through the Company.

(aa) Each Participant shall comply with any and all sales practice rules (including those relating to bunched orders, opening and approval of accounts, suitability, use of discretion, supervision of accounts, risk disclosure document delivery, communications, monthly statements and confirmations, registration, qualification and continuing education, customer

complaints, prohibition against guarantees and profit sharing and money laundering) from time to time promulgated by the NFA, which rules are hereby incorporated by reference into this Rule.

(bb) No Participant shall withhold or withdraw from the market any Order, or any part of an Order, placed by any Customer unless expressly authorized to do so by such Customer.

(cc) No Participant shall buy (sell) a Contract for its a personal or proprietary account or for an account in which it has a proprietary interest when such Participant has in hand an Order to buy (sell) the same Contract for any other Person at the same price or at the market price.

(dd) No Participant shall execute a discretionary Order for any Contract, including, without limitation, an Order allowing discretion as to time and price, for an immediate family member or for a personal or proprietary account of any other Participant, when such Participant is in possession of any Customer Order for the same Contract open as to time and price.

(ee) An Authorized User entering Orders into the Trading System must enter all Customer Orders that the Trading System is capable of accepting before entering an Order for a personal or proprietary account of such Authorized User or the related Participant, an account in which such Authorized User or Participant has a proprietary interest or an Order for a discretionary account, including an Order allowing such Authorized User or Participant discretion as to time and price, for an immediate family member or for a personal or proprietary account of any other Participant. For purposes of this paragraph, a Participant that is not a natural person, shall not be deemed to buy (sell) a Contract or execute a discretionary Order if (i) such Participant has in place appropriate “firewall” or separation of function procedures and (ii) the individual buying (selling) the Contract or executing the discretionary Order in question has no direct knowledge of the Order to buy or sell the same Contract for any other Person at the same price or at the market price or of the Customer Order for the same Contract, as the case may be. Nothing in this Rule shall limit the ability of an “eligible account manager” to bunch Orders in accordance with Commission Regulation § 1.35(b)(5).

(ff) No Participant in possession of a Customer Order shall knowingly take, directly or indirectly, the opposite side of such Order for its own account, an account in which it has a direct or indirect financial interest, or an account over which it has discretionary trading authority.

(gg) Opposite Orders for different beneficial owners that are simultaneously placed by a Participant with discretion over both accounts may be entered into the Trading System, provided that one Order is exposed for a minimum of five (5) seconds (in the case of futures Orders) or a minimum of 15 seconds (in the case of options Orders). An Order allowing for price and/or time discretion, if not entered immediately upon receipt, may be knowingly entered opposite another Order entered by the same Participant only if the Order has been entered immediately upon receipt and has been exposed on the Trading System for a minimum of five (5) seconds for Futures Orders or a minimum of fifteen (15) seconds for Options Orders.

(hh) No Participant shall submit a discretionary Order to the Trading System for any account of another Person, without the prior specific written consent of such other Person to exercise such discretion.

(ii) Non-discretionary Customer Orders received by a Participant, shall be entered into the Trading System in the sequence received. Non-discretionary Orders that cannot be immediately entered into the Trading System must be entered when the Orders become executable in the sequence in which the Orders were received.

CHAPTER 8 RULE ENFORCEMENT

8.1. General

(a) The Company will conduct inquiries, investigations, disciplinary proceedings and appeals from disciplinary proceedings, summary impositions of fines, summary suspensions, or other summary actions in accordance with this Chapter CHAPTER 8.

(b) No Company Personnel will interfere with or attempt to influence the process or resolution of any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension, or other summary action. No Director will interfere with or attempt to influence the process or resolution of any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary, imposition of fines, summary suspension, or other summary action with respect to which the Director is not a member of the relevant Appeals Panel.

(c) Any Participant may be represented by counsel during any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension or other summary actions pursuant to this Chapter CHAPTER 8.

(d) Pursuant to this Chapter CHAPTER 8, the Company may hold:

- i. a Participant liable for, and impose sanctions against such Participant, for such Participant's own acts and omissions that constitute a violation;
- ii. a Participant liable for, and impose sanctions against such Participant, for the acts and omissions of each Authorized User authorized by, and each other agent or representative of, such Participant that constitute a violation as if such violation were that of the Participant;
- iii. an Authorized User liable for, and impose sanctions against such Authorized User, for such Authorized User's own acts and omissions that constitute a violation; and
- iv. an Authorized User liable for, and impose sanctions against him or her, for the acts and omissions of each agent or representative of such Authorized User that constitute a violation as if such violation were that of the Authorized User.

8.2. Market Surveillance

(a) The Trading System will record and store for a period of not less than five (5) years in a searchable, read-only database a record of all data entered into the Trading System. Such records shall be maintained in a readily available manner during the first two (2) years. The Company shall conduct market surveillance and trade practice surveillance using this data with programs designed to alert the Company when potentially unusual or otherwise questionable trading activity takes place.

(b) The Company may temporarily suspend Participant's Trading Privileges at its sole discretion in the event it identifies unusual trading activity or potential violations of these Rules. The Company will initiate review and, where appropriate, investigate such unusual trading activity. The Company will also investigate any time it has other reason to believe that inappropriate activity of any sort is taking place.

8.3. Inquiries and Investigations

(a) The Compliance Department will investigate any matter within the Company's disciplinary jurisdiction that is brought to such department's attention, including but not limited to, possible violations of the Rules or manipulation of a Contract that is traded on the Exchange or cleared through the Clearinghouse. All such investigations must be completed within twelve (12) months of the date when the Compliance Department commenced its investigation unless there are mitigating factors that may reasonably justify an investigation taking longer than twelve (12) months, including the complexity of the investigation, the number of Participants or individuals involved as potential wrongdoers, the number of potential violations to be investigated, and the volume of documents and data to be examined and analyzed by the Compliance Department. The Compliance Department will determine the nature and scope of its inquiries and investigations within its sole discretion and will function independently of any commercial interests of the Company.

(b) The Compliance Department has the authority to:

- i. initiate and conduct inquiries and investigations;
- ii. prepare investigative reports and make recommendations concerning initiating disciplinary proceedings;
- iii. prosecute alleged violations within the Company's disciplinary jurisdiction; and
- iv. represent the Company on appeal from any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action.

(c) Each Participant:

- i. is obligated to appear and testify and respond in writing to interrogatories within the time period required by the Compliance

Department in connection with: (i) any Rule; (ii) any inquiry or investigation; or (iii) any preparation by and presentation during a disciplinary proceeding or appeal from a decision in a disciplinary proceeding, summary imposition of fines, summary suspension or other summary action by the Company;

- ii. is obligated to produce books, records, papers, documents, or other tangible evidence in its, his or her possession, custody or control within the time period required by the Compliance Department in connection with: (i) any Rule; (ii) any inquiry or investigation; or (iii) any preparation by and presentation during a disciplinary proceeding or appeal from a decision in any disciplinary proceeding, summary imposition of fines, summary suspension or other summary action by the Company; and
- iii. may not impede or delay any inquiry, investigation, disciplinary proceeding, appeal from a disciplinary proceeding, summary imposition of fines, summary suspension, or other summary action.

(d) The Compliance Department will maintain a log of all investigations and their disposition. The Compliance Department will prepare a written report of each investigation, regardless of whether the evidence gathered during any inquiry or investigation forms a reasonable basis to believe that a violation within the Company's jurisdiction has occurred or is about to occur or whether the evidence gathered results in closing the matter without further action or through summary action. Any written report of investigation will include the reasons for initiating the investigation (including a summary of the complaint, if any), all relevant facts and evidence gathered, and the recommendation of the Compliance Department. For each potential respondent, the Compliance Department will recommend either (i) closing the investigation without further action; (ii) summary action; (iii) resolving the investigation through an informal disposition, including the issuance of a warning letter; or (iv) initiating disciplinary proceedings. An informal disposition (including the issuance of a warning letter) will not constitute a finding of a violation or a sanction.

(e) The Chief Compliance Officer will review promptly each completed investigation report to determine whether a reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur. Such determination will be made by the Chief Compliance Officer within thirty (30) Business Days of receipt of the applicable investigation report. If the Chief Compliance Officer determines that additional investigation or evidence is needed to decide whether a reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur, the Chief Compliance Officer will direct the Compliance Department to conduct further investigation.

(f) After receiving completion of an investigation, the Chief Compliance Officer will determine for each potential respondent whether to authorize:

- i. the commencement of disciplinary proceedings because a reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur;
- ii. the informal disposition of the investigation (by issuing a warning letter or otherwise) if the Chief Compliance Officer determines that a violation of the Rules or any applicable Contract Rules may have occurred but that formal disciplinary proceedings are unwarranted; or
- iii. the closing of the investigation without any action, and without the issuance of a warning letter, in the event disciplinary proceedings are not warranted and no reasonable basis exists to believe that a violation within the Company's jurisdiction has occurred or is about to occur.

8.4. Notice of Charges and Opportunity to Respond

(a) If the Chief Compliance Officer authorizes disciplinary proceedings pursuant to Rule 8.3, the Compliance Department will prepare in accordance with this Rule 8.4(b) and serve in accordance with this Rule 8.4(f), a notice of charges within twenty (20) Business Days thereafter.

(b) A notice of charges will:

- i. state the acts, practices, or conduct that the respondent is alleged to have engaged in;
- ii. state the Rule or provision of Applicable Law alleged to have been violated or about to be violated;
- iii. state the proposed sanctions;
- iv. advise the respondent of its right to submit a written statement explaining why a disciplinary proceeding should not be instituted or one or more of the potential charges should not be brought, which statement must be submitted within twenty (20) Business Days after service of the notice of charges;
- v. advise the respondent of its right to a hearing and its right to have counsel present;
- vi. state the period of time within which the respondent can request a hearing on the notice of charges, in lieu of submitting a written statement pursuant to Rule 1.1(a)iv, which will not be less than twenty (20) Business Days after service of the notice of charges;
- vii. advise the respondent that any failure to request a hearing within the period stated, except for good cause, will be deemed to constitute a waiver of the right to a hearing; and

- viii. advise the respondent that any allegation in the notice of charges that is not expressly denied will be deemed to be admitted.

(c) If the respondent submits a written statement pursuant to Rule 1.1(a)iv, the Chief Compliance Officer shall, within ten (10) Business Days after receipt of the written statement, advise the respondent:

- i. of the Chief Compliance Officer's decision to drop any or all of the potential charges;
- ii. that the disciplinary proceedings will proceed with respect to all remaining charges in accordance with the notice of charges delivered to the respondent; and/or, as appropriate,
- iii. that the respondent shall have twenty (20) Business Days to submit an answer to the notice of charges, as described in this Rule 8.4(d).

(d) If the respondent determines to answer a notice of charges, the respondent must file answers within twenty (20) Business Days after being served with such notice, or within such other time period determined appropriate by the Chief Compliance Officer. To answer a notice of charges, the respondent must in writing:

- i. specify the allegations that the respondent denies or admits;
- ii. specify the allegations that the respondent does not have sufficient information to either deny or admit;
- iii. specify any specific facts that contradict the notice of charges; and
- iv. specify any affirmative defenses to the notice of charges.

(e) Any failure by the respondent to timely serve an answer to a notice of charges will be deemed to be an admission to the allegations in such notice. Any failure by the respondent to answer one or more allegations in a notice of charges will be deemed to be an admission of that allegation or those allegations. Any allegation in a notice of charges that the respondent fails to expressly deny will be deemed to be admitted. A general denial by the respondent, without more, will not satisfy the requirements of Rule 8.4(d).

(f) Any notice of charges or other documents contemplated to be served pursuant to this Chapter 8 may be served (and service shall be deemed complete) upon the respondent either personally or by (i) leaving the same at his or her place of business or by deposit in the United States mail, postage prepaid, via registered or certified mail addressed to the respondent at the address as it appears on the books and records of the Company, or (ii) sending the same via electronic mail to the e-mail address of the respondent as it appears on the books and records of the Company. If the subject of any charge is a Customer of an FCM Participant or a Broker Participant, the Compliance Department may obtain the Customer's contact information from the applicable intermediary for service of process and notices.

8.5. Settlements

(a) A respondent or potential respondent may at any time propose in writing an offer of settlement to anticipated or instituted disciplinary proceedings. Any offer of settlement should contain proposed findings and sanctions and be signed by the respondent or potential respondent and submitted to the Compliance Department. A respondent or potential respondent may offer to settle disciplinary proceedings without admitting or denying the findings contained in the order of the disciplinary proceedings but must accept the jurisdiction of the Company over it and over the subject matter of the proceedings and consent to the entry of the findings and sanctions imposed.

(b) If a respondent or potential respondent submits an offer of settlement in accordance with Rule 8.5(a), the Compliance Department will forward the offer to the Chief Compliance Officer with a recommendation on whether to accept or reject the offer. If the Chief Compliance Officer conditionally accepts an offer of settlement, the settlement will become final upon the expiration of twenty (20) Business Days after an order of the disciplinary proceedings consistent with the terms of the offer of settlement is served on the respondent.

(c) If an offer of settlement is accepted and the related order of disciplinary proceedings becomes final, the respondent's submission of the offer will be deemed to constitute a waiver of the right to notice, opportunity for a hearing and review and appeal under these Rules.

(d) If the offer of settlement of a respondent or potential respondent is not accepted, fails to become final or is withdrawn by the respondent or potential respondent, the matter will proceed as if the offer had not been made and the offer and all documents relating to it will not become part of the record. Neither a respondent or potential respondent nor the Compliance Department may use an unaccepted offer of settlement as an admission or in any other manner at a hearing of, or appeal from, disciplinary proceedings.

8.6. Disciplinary Panel

(a) A disciplinary panel consisting of five (5) individuals selected by the Board of Directors (the "**Disciplinary Panel**"), will conduct hearings in connection with any disciplinary proceedings, to make findings and impose sanctions pursuant to this Chapter CHAPTER 8. A separate Disciplinary Panel will be established prior to the commencement of each disciplinary matter. No Disciplinary Panel shall be comprised in a manner such that any group or class of industry participants may reasonably be expected to dominate or exercise disproportionate influence on such panel. Each Disciplinary Panel shall consist of individuals who (i) would qualify as a Public Director (if the individual is a director of the Company), except in cases limited to decorum, attire, or the timely submission of accurate records required for clearing or verifying each day's transactions, and (ii) are drawn from the NFA's Hearing Committee. For the avoidance of doubt, members of the Compliance Department shall not be eligible to serve on a Disciplinary Panel.

(b) Within ten (10) Business Days of being notified of the appointment of the Disciplinary Panel, a respondent may seek to disqualify any individual named to the Disciplinary Panel for any reasonable grounds, by serving written notice on the Chief Compliance Officer. By

not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of a Disciplinary Panel. The Chief Compliance Officer will decide the merits of any request for disqualification within his or her sole discretion. Any such decision will be final and not subject to appeal.

(c) All disciplinary proceedings (except for summary impositions of fines pursuant to Rule 8.13) will be conducted at a hearing before the Disciplinary Panel. A hearing will be conducted privately and confidentially unless the Disciplinary Panel decides that the hearing, or any part of it, should be held in public after giving each respondent the opportunity to present its, his or her views on holding a public hearing. Notwithstanding the confidentiality of hearings, the Disciplinary Panel may appoint an expert to attend any hearing and assist in deliberations if such expert agrees to be subject to an appropriate confidentiality agreement.

(d) After reasonable notice to each respondent, the Disciplinary Panel will promptly (but in no event later than thirty (30) Business Days following such notice) convene a hearing to conduct the disciplinary proceedings with respect to such respondent. Parties to a disciplinary proceeding include each respondent and the Compliance Department.

(e) The chairman of the Disciplinary Panel may continue, adjourn or otherwise conduct the hearing, as he or she may deem appropriate. The chairman of the Disciplinary Panel will determine all procedural and evidentiary matters, including the admissibility and relevance of any evidence proffered. In determining procedural and evidentiary matters, the chairman of the Disciplinary Panel will not be bound by any evidentiary or procedural rules or law. Once admitted during the hearing, the Disciplinary Panel may consider, and attach the weight it believes appropriate to, evidence or other materials. The Company will provide guidance to the chairman of the Disciplinary Panel on the conduct of the hearing.

(f) Except for procedural and evidentiary matters decided by the chairman of the Disciplinary Panel pursuant to Rule 8.6(e), unless each respondent otherwise consents, the entire Disciplinary Panel must be present during the entire hearing and any related deliberations.

8.7. Respondent Review of Evidence

(a) Prior to the commencement of a hearing, each respondent will be given the opportunity to review all books, records, documents, papers, transcripts of testimony, and other tangible evidence in the possession or under the control of the Company that the Compliance Department will use to support the allegations and proposed sanctions in the notice of charges or which the chairman of the Disciplinary Panel deems relevant to the disciplinary proceedings. Notwithstanding the foregoing, no respondent will have the right to review, and the Company will have no obligation to disclose, any information protected by attorney-client privilege or any other privileges recognized by Applicable Law.

(b) If any books, records, documents, papers, transcripts of testimony, or other tangible evidence contain information that could adversely affect the competitive position of the Person providing the information or if such information might compromise other investigations being conducted by the Compliance Department, the Compliance Department may redact, edit, or code such information before furnishing it to the respondent.

(c) Notwithstanding anything in Rule 8.7(b) to the contrary, the Compliance Department:

- i. will not redact, edit or code competitive or investigative information contained in documents in a manner that would impair the respondent's ability to defend against the allegations or proposed sanctions in the notices of charges; and
- ii. will provide the respondent with access to the information and portions of the documents that the Compliance Department intends to rely on to support the allegations or proposed sanctions in the notice of charges.

(d) For purposes of this Rule 8.7, information that could adversely affect competitive positions include positions in Contracts currently held, trading strategies employed in establishing or liquidating positions, the identity of any Participant or Authorized User and the personal finances of the Person providing the information.

8.8. Hearings

(a) At a hearing conducted in connection with any disciplinary proceedings, the Compliance Department will present its case supporting the allegations and proposed sanctions in the notice of charges to the Disciplinary Panel. If a respondent has timely filed an answer to the notice of charges in accordance with Rule 8.4(d), the respondent is entitled to attend and participate in the hearing.

(b) At a hearing conducted in connection with any disciplinary proceedings, the Disciplinary Panel or the Compliance Department and each respondent may:

- i. present evidence and facts determined relevant and admissible by the chairman of the Disciplinary Panel;
- ii. call and examine witnesses; and
- iii. cross-examine witnesses called by other parties.

(c) If the respondent fails to file an answer, has filed a general denial, or if any or all of the allegations in the notice of charges are not expressly denied in the respondent's answer, the chairman of the Disciplinary Panel may limit evidence concerning any allegations not expressly denied in determining the sanctions to impose. If a respondent fails to file an answer but appears at the hearing, the respondent may not participate in the hearing (by calling or cross-examining witnesses, testifying in defense, presenting evidence concerning the notice of charges, or otherwise) unless the Disciplinary Panel determines that the respondent had a compelling reason for failing to timely file an answer. If the Disciplinary Panel determines that the respondent had a compelling reason for failing to timely file an answer, the Disciplinary Panel will adjourn the hearing and direct the respondent to promptly file a written answer in accordance with Rule 8.4(d).

(d) Any Person entitled, or required or called upon, to attend a hearing before a Disciplinary Panel pursuant to Rule 1.1(a)ii will be given reasonable notice, confirmed in writing,

specifying the date, time and place of the hearing, and the caption of the disciplinary proceedings. The Company will require all Participants that are called as witnesses to appear at the hearing and produce evidence. The Company will make reasonable efforts to secure the presence of all other Persons called as witnesses whose testimony would be relevant.

(e) If during any disciplinary proceedings the Disciplinary Panel determines that a reasonable basis exists to believe that the respondent violated or is about to violate a Rule or a provision of Applicable Law other than the violations alleged in the notice of charges, the Disciplinary Panel may consider those apparent violations after providing the respondent with an opportunity to answer the additional allegations in accordance with Rule 8.4(d). In connection with considering apparent violations pursuant to this Rule 8.8(e), the Disciplinary Panel may request that the Compliance Department provide the Disciplinary Panel with any additional information.

(f) The Disciplinary Panel may summarily impose sanctions on any Participant or Authorized User that impede or delay the progress of a hearing.

(g) The Company will arrange for any hearing conducted in connection with disciplinary proceedings to be recorded hearing verbatim, or substantially verbatim, in a manner capable of accurate transcription. If the respondent requests a copy of all or portions of the recording of a hearing, the chairman of the Disciplinary Panel may within his or her sole discretion order the respondent to pay the costs for transcribing the recording of the hearing.

(h) No interlocutory appeals of rulings of any Disciplinary Panel or chairman of the Disciplinary Panel are permitted.

8.9. Decision of Disciplinary Panel

(a) As promptly as reasonable following a hearing, the Disciplinary Panel will issue an order rendering its decision based on the weight of the evidence contained in the record of the disciplinary proceedings. A decision by a majority of the Disciplinary Panel will constitute the decision of the Disciplinary Panel.

(b) The Company will serve a copy of the order of the disciplinary proceedings on the respondent and the Compliance Department. The order will include:

- i. the notice of charges or summary of the allegations;
- ii. the answer, if any, or a summary of the answer;
- iii. a brief summary of the evidence introduced at the hearing;
- iv. findings of fact and conclusions concerning each allegation, including each specific Rule and provision of Applicable Law that the respondent is found to have violated;
- v. the imposition of sanctions, if any, and the effective date of each sanction; and

vi. notice of the respondent's right to appeal pursuant to Rule 8.12.

(c) Unless a timely notice of appeal is filed pursuant to Rule 8.12, the order of the disciplinary proceedings will become final upon the expiration of twenty (20) Business Days after the order is served on the respondent and a copy thereof is provided to the Compliance Department.

8.10. Sanctions

(a) After notice and opportunity for hearing in accordance with these Rules, the Company will impose sanctions if a Participant or Authorized User is found to have violated or to have attempted to violate a Rule or provision of Applicable Law for which the Company possesses disciplinary jurisdiction. The Company may impose one or more of the following sanctions or remedies: (i) censure; (ii) limitation on Trading Privileges, association with a Participant or other activities, functions or operations; (iii) suspension of Trading Privileges or association with a Participant; (iv) fine (subject to Rule 8.10(b)); (v) restitution or disgorgement; (vi) termination of Trading Privileges; or (vii) any other sanction or remedy deemed to be appropriate. All sanctions, including those imposed pursuant to an accepted settlement offer, shall take into account respondent's disciplinary history and remediation efforts.

(b) The Company may impose a fine of up to \$500,000 for each violation. If a fine or other amount is not paid within thirty (30) Business Days of the date that it becomes payable, then interest will accrue on the sum from the date that it became payable at the quoted prime rate plus 3%. The Company has sole discretion to select the bank on whose quotations to base the prime rate. Each Participant will be responsible for paying any fine or other amount imposed on, but not paid by, any Authorized User authorized by, or other agent or representative of, such Participant.

(c) No more than one warning letter may be issued to the same Person found to have committed the same rule violation within a rolling twelve (12)-month period.

8.11. Costs

(a) Regardless of the outcome of any disciplinary proceeding, the Disciplinary Panel may order a respondent to pay some or all of the costs associated with the disciplinary proceedings that the Disciplinary Panel believes were unnecessarily caused by the respondent. Costs may include costs associated with the inquiry or investigation, the prosecution by the Compliance Department, legal and professional assistance, the hearing and administrative and other expenses incurred by the Disciplinary Panel.

(b) The Disciplinary Panel may only award costs against the Company if it concludes that the Company has behaved in a manifestly unreasonable manner in the commencement or conduct of the disciplinary proceedings in question. The Disciplinary Panel must limit any award of costs against the Company to an amount that it concludes is reasonable and appropriate, but does not exceed the respondent's costs for external legal or other external professional assistance.

(c) The Disciplinary Panel may determine the amounts and allocation of costs in any manner it may deem appropriate. The Company or the respondent will pay any costs ordered to be paid by it by the Disciplinary Panel within thirty (30) Business Days of the later of either written notice of (i) the amount imposed by the Disciplinary Panel or (ii) the determination of an appeal by the Appeals Panel against the Disciplinary Panel's determination.

8.12. Appeals

(a) Each respondent found by the Disciplinary Panel to have violated a Rule of or a provision of Applicable Law or who is subject to any summary fine imposed pursuant to Rule 8.13 or any summary action imposed pursuant to Rule 8.14 may appeal the decision within twenty (20) Business Days of receiving the order of the disciplinary proceedings or the notice of summary action, as the case may be, by filing a notice of appeal with the Chief Compliance Officer. While an appeal is pending, the effect of the order of disciplinary proceedings or the summary action (including any sanctions, remedies or costs imposed thereby) shall be suspended; *provided, however,* any summary action entered under Rule 8.14 shall continue in effect during the appeal.

(b) The notice of appeal must state in writing the grounds for appeal, including the findings of fact, conclusions or sanctions to which the respondent objects. An appellant may appeal the order of disciplinary proceedings or any summary decision on the grounds that:

- i. the decision was arbitrary, capricious, an abuse of discretion, or not in accordance with the Rules;
- ii. the decision exceeded the authority or jurisdiction of the Disciplinary Panel, the Chief Compliance Officer or the Company;
- iii. the decision failed to observe required procedures;
- iv. the decision was unsupported by the facts or evidence; or
- v. the imposed sanctions, remedies or costs are inappropriate or unsupported by the record.

(c) The Chief Compliance Officer will forward copies of any notice of appeals received by it to all parties to the disciplinary proceeding or summary action, as the case may be, except the appellant. Within twenty (20) Business Days after filing a notice of appeal, the appellant must file with the Chief Compliance Officer and serve on the Compliance Department a brief supporting the notice of appeal and documents supporting the brief. Within twenty (20) Business Days after the date on which the appellant serves their supporting brief, the appellee must file and serve its brief in opposition. Within ten (10) Business Days after the date on which the appellee serves its brief in opposition, the appellant must file and serve a brief in reply.

(d) In connection with any appeal, the Compliance Department will furnish to the Chief Compliance Officer and to the respondent/appellant a transcript of the hearing, any exhibits introduced at the hearing, the notice of appeal and briefs filed to support and oppose the appeal.

(e) Within thirty (30) Business Days after the last submission filed pursuant to Rule 8.12(c), the Chief Compliance Officer will appoint the Appeals Panel to consider and determine the appeal. If less than three (3) individuals from the Regulatory Oversight Committee are eligible to serve on the Appeals Panel, the Appeals Panel shall be a panel solely comprised of those individuals from the Committee that are eligible to serve on the Appeals Panel and such additional individuals meeting the requirements of Public Director who are appointed by the Chief Compliance Officer. Members of the Compliance Department of the Company shall not be eligible to serve on the Appeals Panel. Members of a Disciplinary Panel may not serve on an Appeals Panel for the same matter.

(f) The Appeals Panel may hold a hearing to allow parties to present oral arguments. Any hearing will be conducted privately and confidentially unless the Appeals Panel decides that the hearing, or any part of it, should be held in public after giving each appellant the opportunity to present their views on holding a public hearing. Notwithstanding the confidentiality of hearings, the Appeals Panel may appoint individuals to attend any hearing and assist in the deliberations if such individuals agree to be subject to appropriate confidentiality agreements. In determining procedural and evidentiary matters, the Appeals Panel will be bound by evidentiary or procedural rules or law.

(g) The Appeals Panel will only consider on appeal the record before the Disciplinary Panel or, in the case of a summary action, the record considered by the Chief Compliance Officer or the Chief Compliance Officer's designee, the notice of appeal, the briefs filed in support and opposition of the appeal, and any oral arguments of the parties. The Appeals Panel may only consider new evidence when the Appeals Panel is satisfied that good cause exists on why the evidence was not introduced during the disciplinary proceeding or when imposing the summary action.

(h) After completing its review, the Appeals Panel may affirm or, only if it finds that the decision of the Disciplinary Panel or the Chief Compliance Officer that is under review, as the case may be, meets one of the criteria listed in Rule 8.12(i), modify or reverse any order of the disciplinary proceedings or summary action under appeal, in whole or in part, including increasing, decreasing or eliminating any sanction or remedy imposed, imposing any other sanction or remedy authorized by the Rules, or remanding the matter to the same or a different Disciplinary Panel for further disciplinary proceedings or for reconsideration by the Chief Compliance Officer. The Appeals Panel may order a new hearing for good cause or if the Appeals Panel determines in its sole discretion that the appellant was not given a full and fair opportunity to make an argument in its favor and present supporting evidence.

(i) As described in Rule 8.12(h), the Appeals Panel may modify or reverse any order of the disciplinary proceedings or summary action under appeal only if it finds that the decision was:

- i. arbitrary, capricious, or an abuse of the discretion of the Disciplinary Panel, the Chief Compliance Officer, or the Chief Compliance Officer's designee, as the case may be;

- ii. in excess of the authority or jurisdiction of the Disciplinary Panel or the Chief Compliance Officer, as the case may be; or
- iii. based on a clearly erroneous application or interpretation of the Rules.

(j) As promptly as reasonably possible following its review, the Appeals Panel will issue a written decision on appeal rendering its decision based on the weight of the evidence before the Appeals Panel.

(k) The decision of the Appeals Panel will include a statement of findings of fact and conclusions for each finding, sanction, remedy, and cost reviewed on appeal, including each specific Rule and provision of Applicable Law that the respondent is found to have violated, if any, and the imposition of sanctions, remedies and costs, if any, and the effective date of each sanction, remedy or cost.

(l) The Appeal Panel's written order on appeal (including findings of fact and conclusions and the imposition of sanctions, remedies and costs, and the effective date of any sanction, remedy cost) will be the final action of the Company and will not be subject to appeal within the Company.

(m) Within ten (10) Business Days of being notified of the appointment of the Appeals Panel, a respondent may seek to disqualify any individual named to the Appeals Panel for the reasons identified in this Rule 8.12(m) or for any other reasonable grounds, by serving written notice on the Chief Compliance Officer. By not timely filing a request for disqualification, the respondent will be deemed to have waived any objection to the composition of an Appeals Panel. The Chief Compliance Officer will decide the merits of any request for disqualification within his or her sole discretion. Any such decision will be final and not subject to appeal.

8.13. Summary Imposition of Fines

(a) The Chief Compliance Officer may summarily impose a fine against a Participant or Authorized User for failing:

- i. to make timely payments of margin, options premiums, fees, cost, charges or fines to the Company or the Clearinghouse;
- ii. to make timely and accurate submissions to the Company or Clearinghouse of notices, reports or other information required by the Rules; and
- iii. to keep any books and records required by the Rules.

(b) The Compliance Department, acting on behalf of the Chief Compliance Officer, will give notice of any fine imposed pursuant to this Rule 8.13 to each Participant or Authorized User subject thereto. The notice will specify (i) the violations of the Rules for which the fine is being imposed, (ii) the date of the violation for which the fine is being imposed, and (iii) the amount of the fine. Within twenty (20) Business Days of serving the notice of fine, the Participant or Authorized User, as the case may be, must either pay the fine or file notice of an

appeal pursuant to Rule 8.12. Unless timely notice of appeal is filed pursuant to Rule 8.12(a), the fine will become final upon the expiration of twenty (20) Business Days after the notice of fine is served on the Participant or Authorized User, as the case may be.

(c) The Company, in its sole discretion, may deduct the amount of any fine imposed pursuant to Rule 8.13(b) directly from the Participant's Account; *provided* that the Company may not make such a deduction if the result would be to cause an event of default with respect to any Open Contract Positions then held in the Account of such Participant.

(d) Summary imposition of fines pursuant to this Rule 8.13 will not preclude the Company from bringing any other action against the Participant or Authorized User, as the case may be.

8.14. Summary Suspensions and Other Summary Actions

(a) Notwithstanding anything in the Rules to the contrary, the Company may summarily suspend, limit, condition, restrict, or qualify a Participant's or Authorized User's Trading Privileges if the Chief Compliance Officer or the Chief Compliance Officer's designee determines doing so is necessary to protect markets, the Company, the public, or other participants. In the event of an Emergency, the Company additionally may take summary actions pursuant to Rule 2.8.

(b) The Company will notify a Participant or Authorized User subject to a summary action whose privileges are summarily suspended. The notice shall state the action to be taken, briefly state the reasons for the action, and state the date when the action became or becomes effective. For FCM Customers, notice to the FCM Customer will be deemed given by sending notice to the FCM Participant. For Broker Customers, notice to the Broker Customer will be deemed given by sending notice to the Broker.

(c) Whenever practicable, the Exchange shall provide prior written notice to the party against whom any action in accordance with paragraph (a) shall be taken. If prior notice is not practicable, the Exchange will give notice at the earliest possible opportunity to the respondent against whom the action is brought.

(d) At the request of the Company or the Clearinghouse, a respondent against whom a summary action is brought pursuant to this Rule 8.14 must provide books and records over which the respondent has access or control and must furnish information to, or appear or testify before, the Company or the Clearinghouse in connection with the enforcement of any Rule.

(e) The summary action will become final upon the expiration of twenty (20) days after the notice of action is served on the respondent.

(f) A respondent whose Trading Privileges are suspended, limited, conditioned, restricted, or qualified pursuant to this Rule 8.14 may apply for reinstatement by filing with the Compliance Department a written request stating the applicant's reasons for seeking reinstatement. The Company will not consider a respondent's request for reinstatement if the respondent (i) persists in the conduct which was the subject of the order denying access; (ii) owes any fines, fees, charges or costs to the Company; (iii) continues to fail to appear at disciplinary

proceedings without good cause; or (iv) continues to impede the progress of disciplinary proceedings.

(g) Participants whose Trading Privileges are suspended, limited, conditioned, restricted, or qualified shall be given the opportunity for appeal under the procedures outlined in Rule 8.12 of these Rules. The decision affirming, modifying, or reversing the summary suspension, limitation, condition, restriction, or qualification shall be furnished by electronic mail to the Participant. The order will include a brief summary of the evidence introduced at the reinstatement hearing; and, if applicable, findings of fact and conclusions not contained in the notice of summary action issued pursuant to Rule 8.14(c) above. The decision will be the final decision of the Exchange.

(h) When the Trading Privileges of a Participant are, or the association of an Authorized User with a Participant is, suspended for a period of twelve (12) months or less, none of its rights and Trading Privileges (including the right to hold oneself out to the public as a Participant, enter Orders into the Company Direct System and receive Participant rates for fees, costs, and charges and deposit margin at Participant levels) will apply during the period of the suspension, except for the right of the Participant or Authorized User in question to assert claims against others as provided in the Rules. Any such suspension will not relieve the Participant or Authorized User in question of its, his or her obligations under the Rules to perform any Contracts entered into before the suspension, or for any the Company imposed fees, costs, or charges incurred during the suspension. The Company may discipline a suspended Participant or Authorized User under this Chapter 8 for any violation of a Rule or provision of Applicable Law committed by the Participant before, during or after the suspension.

(i) When the Trading Privileges of a Participant are, or the association of an Authorized User with a Participant is, terminated, all of its rights and Trading Privileges will terminate, except for the right of the Participant or Authorized User in question to assert claims against others, as provided in the Rules. A terminated Participant or Authorized User may only seek to reinstate its Trading Privileges by applying for Trading Privileges pursuant to Rule 3. The Company will not consider the application of a terminated Participant or Authorized User if such Participant or Authorized User, as the case may be, continues to fail to appear at disciplinary proceedings without good cause or continues to impede the progress of disciplinary proceedings.

(j) A suspended or terminated Participant or Authorized User remains subject to the Rules and the jurisdiction of the Company for acts and omissions prior to the suspension or termination, and must cooperate in any inquiry, investigation, disciplinary proceeding, appeal of disciplinary proceedings, summary suspension or other summary action as if the suspended or terminated Participant or an Authorized User still had Trading Privileges or was still associated with a Participant, as the case may be.

8.15. Publication of Disciplinary Action

(a) Within two (2) Business Days after a disciplinary action becomes final, notice of any disciplinary action outcome providing that a Participant is suspended, expelled, disciplined or denied access to the Company and/or the Clearinghouse shall be provided to the NFA for inclusion in its internet accessible database of disciplinary matters.

(b) The Company will make public notice of the disciplinary action by posting on its website, in accordance with CFTC Regulation 9.13, the information required by CFTC Regulation 9.11. The disciplinary action will be considered final on the date the notice of the disciplinary action is published on the Company website.

CHAPTER 9 DISPUTE RESOLUTION

9.1. Arbitration of Disputes Among Participants

(a) Any dispute, controversy, or claim between or among Individual Participants, Entity Participants, Broker Participants, and/or FCM Participants and their Authorized Users and/or Registered Agents related to or arising out of transactions executed and cleared through the PMUS Direct System, or otherwise related to or arising out of participation on the PMUS Direct System shall be resolved and settled through binding arbitration in New York, New York.

(b) If the parties are able to agree on an arbitrator, the arbitration shall be conducted by a single arbitrator. If the parties are unable to agree on an arbitrator, each party shall select an arbitrator and the two (2) arbitrators shall select a third arbitrator. Any arbitrator selected in connection with such arbitration must qualify as a Public Director (if the individual is a director of the Company) and must have reasonable prior experience in the operation and regulation of exchanges and clearinghouses providing execution and clearing services in connection with commodity futures contracts, commodity options or swaps, and with respect to the rules of the CFTC and exchanges and clearinghouses generally.

(c) The arbitrator(s) shall determine the procedures for any arbitration held under this Rule 9.1, and shall, to the extent practicable, rely on applicable provisions of Chapter CHAPTER 8 with respect to such procedures, including but not limited to in connection with discovery by the parties, submission of documents and a hearing, *provided* that the arbitrator(s) shall have the authority to determine the appropriate procedures, notwithstanding the provisions of Chapter CHAPTER 8.

(d) The arbitrator(s) shall have the authority to award any remedy or relief that a court of competent jurisdiction could order or grant, including the issuance of an injunction. The fees and expenses of such arbitration shall be borne by the non-prevailing party, as determined by such arbitration. This provision shall not be construed in any way as creating a cause of action.

(e) Any failure on the part of any Participant or Authorized User to arbitrate a case subject to arbitration, or the commencement by any such Person of a suit in any court prior to arbitrating a case subject to arbitration, violates the Rules and subjects such Participant or Authorized User to disciplinary proceedings pursuant to Chapter CHAPTER 8, unless the parties mutually agree not to submit their dispute to arbitration.

(f) The Company may summarily suspend, pursuant to Chapter CHAPTER 8, a Participant or Authorized User that fails to satisfy an arbitration award rendered in any arbitration pursuant to this Chapter CHAPTER 9.

9.2. Arbitration of Claims against the Exchange

(a) Any dispute, controversy, or claim against the Exchange by Individual Participants, Entity Participants, Broker Participants, and/or FCM Participants and their Authorized Users and/or Registered Agents related to or arising out of transactions executed and cleared through the PMUS Direct System, or otherwise related to or arising out of participation on the PMUS Direct System shall be resolved and settled through binding arbitration in New York, New York.

(b) Any claims submitted for arbitration under this Rule 9.2 will follow the procedures for arbitration as set forth in the Exchange Terms of Use, available at [https://www.polymarketexchange.com/files/legal/Website%20Terms%20of%20Use%20\(2025.09.29\).pdf](https://www.polymarketexchange.com/files/legal/Website%20Terms%20of%20Use%20(2025.09.29).pdf). The Company reserves the right to modify the Terms of Use from time to time.

CHAPTER 10 CONTRACT RULES

10.1. Terms Uniform Across Contracts

- (a) Contracts may be traded in fractional units
- (b) All Contract prices are quoted in U.S. Dollars and cents per Contract.
- (c) The minimum quote increment for each Contract is \$0.001 per Contract unless otherwise specified in the Contract's terms and conditions.
- (d) The Exchange may, in its discretion, temporarily refrain from the listing of any Contracts if the Exchange identifies conditions that may be detrimental to the listing of the Contract.
- (e) If any U.S. governmental agency or body issues an order, ruling, directive or law that conflicts with the requirements of these Rules, such order, ruling, directive or law shall be construed to take precedence and become part of these Rules, and all open and new Contracts shall be subject to such government orders.

10.2. Contract Specifications

Each Contract will meet such specifications, and all trading in such Contract will be subject to such procedures and requirements, as set forth in the rules governing such Contract.

10.3. Contract Modifications

(a) If any event or circumstance that may have a material impact on the reliability or transparency of a Contract arises, the Company retains the discretion to modify any associated Contract specifications at any time. The Company will notify Participants of any Contract modifications.

(b) If any circumstance arises that would prevent a Contract's value from being determined accurately at the Expiration Date, including but not limited to the rescheduling or cancellation of a relevant event or delayed data from a relevant source, the Company may at its sole discretion adjust the Expiration Date. The Company will notify Participants of modifications.

(c) The specifications for, and the procedures and requirements for trading, any Contract may not be modified in any respect without the prior approval of the Company.

10.4. Contract Outcome Review Process

(a) Prior to Settlement, the Company may at its sole discretion undertake a review process to evaluate circumstances that may have a material impact on reliability or transparency of the underlying event related to a Contract. Following this review, the Company may determine the final outcome of a Contract.
