Attachment A: Terms & Conditions
TOTAL SCORE CONTRACTS (TSC)

Product Name: Will the total score in {event} between {participant(s)} be more than {total}?
Category: Sport
Type: Event Contract

Capitalized terms used, but not defined herein, have the meanings ascribed to them in the Polymarket US ("PMUS") Rulebook.

Size: Each Contract has a notional size of $1.00. There shall be no orders for transactions at a price less than $0.001 or greater than $0.999.

Minimum Tick: The Minimum Tick size for the Contract shall not be less than $0.001, and not be greater than $0.01.

Position Accountability Level: The position accountability level shall be $25,000 of notional exposure.

Position Limits: No position limits apply.

Margin: Margin is 100% of the at-risk amount.

Issuance: The Contract is based on the total combined score of a specific athletic event. Contracts may be listed by the Exchange at any time after the event is made public. Contract iterations will be issued on an as-needed basis at the discretion of the Exchange.

Underlying: The Underlying for each Contract is the official final combined score of {participant(s)} in {event}, as declared by the governing body or sanctioning organization responsible for {event}.

- The applicable period of play for settlement is specified in the Instrument Rules:
  - Regulation time only: the settlement score is the combined score at the end of regulation, excluding any overtime, extra time, or penalty shootout.
  - Including overtime or extra time: the settlement score is the combined score at the end of all officially recognized periods of play.
  - Including penalty shootouts: goals or points scored in a penalty shootout are included in the settlement score where specified.
- All {total} thresholds are specified in half-point increments to avoid ties between the total score and the threshold, ensuring definitive resolution.
- Revisions to officially declared scores made after the Expiration Date will not be accounted for in determining the outcome.
- Any instructional examples set forth in these Rules or in the Contract Terms are provided for convenience only, are non-exhaustive, and are not intended to limit the scope of the applicable definitions or criteria.

Parameter Definitions:

- **{participant(s)}** refers to the entities participating in the specified athletic event whose combined score determines settlement of the Contract, as specified in the Contract Terms (e.g., both teams in a soccer match).
- **{event}** refers to the specific athletic match, game, competition, or other athletic contest in which the combined score of {participant(s)} is determined, as specified in the Contract Terms.
- **{total}** refers to the specified threshold for the combined final score of {participant(s)} in {event} (e.g., "over 2.5 goals," "under 47.5 points"), stated in half-point increments, as specified in the Contract Terms.

Source Agencies:

- The Source Agencies are, in hierarchical order:
  - Primary Sources: the official governing body, sanctioning organization, or league office responsible for {event} (e.g., FIFA, NBA, NFL, ATP, ITF, IOC, or relevant national federation).
  - Secondary Sources: official competition scorecards, referee or umpire reports, press releases, or results databases maintained by the governing body.
  - Tertiary Sources: the Associated Press, Reuters, ESPN, BBC Sport, official team and league websites, and major sports wire services or data providers.
- The Exchange may designate additional or substitute Source Agencies. All instructions on how to access the Underlying data via each designated Source Agency will be made available to market participants.

- The Source Agency hierarchy is designed to produce reliable, publicly verifiable settlement data that is resistant to manipulation or premature disclosure.

Expiration Date and Time: The Expiration Date shall be the earlier of: (i) the calendar day of the official declaration of the result by the Source Agency, or (ii) a date specified in the Contract Terms. The Expiration Time shall be 11:59:59 PM ET on the Expiration Date, or such other time as specified in the Contract Terms.

Last Trading Date and Time: The Last Trading Date and Time shall be the same date and time as the Expiration Date and Time.

Settlement Date: The Settlement Date of the Contract shall be no later than the day after the Expiration Date, unless the Contract Outcome Review Process is initiated.

Payout Criterion and Settlement

- The Payout Criterion for the Contract is met if the total combined final score of {participant(s)} in {event} meets the {total} criterion.
- For purposes of the Payout Criterion:
  - **Official Score**: Settlement is based on the official final combined score of {participant(s)} in {event} as declared by the governing body.
  - **Increments**: All {total} thresholds are specified in half-point increments to avoid ties; as a result, the Contract will resolve definitively to either $1.00 or $0.00.
  - **Period of Play**: Unless otherwise specified in the Instrument Rules, the settlement score shall include all overtime, extra time, extra innings, and other additional periods included in the official rules of {event}. The Instrument Rules may specify an alternative period of play (e.g., regulation only, or including penalty shootouts).
- The following ARE encompassed by the Payout Criterion:
  - The total combined score meets the {total} criterion after overtime or additional periods specified as included in the Instrument Rules.
  - The total combined score is confirmed by the governing body following a routine review prior to the Expiration Date.
  - The total combined score is determined following a walkover, default, or similar event where the governing body declares the official result.
- The following are NOT encompassed by the Payout Criterion:
  - The total combined score revised by the governing body after the Expiration Date, even if the revision changes the outcome.
  - Score determined solely by a court ruling, arbitration panel, or external authority not confirmed by the governing body.
  - Unofficial score reports, pre-event projections, or third-party estimates from non-designated sources.
- The following rules govern resolution in special circumstances:
  - **Later Dates:** If {event} is postponed, delayed, or rescheduled to a date prior to the Expiration Date, the Settlement Date will be amended to align with the new event date, unless otherwise specified in the Contract Terms.
  - **Earlier Dates**: Should {event} be rescheduled to a date earlier than originally scheduled, the Settlement Date will be amended accordingly, unless otherwise specified in the Contract Terms.
  - **Cancellation:** If {event} is canceled and not rescheduled before the Expiration Date, the Exchange may, in its sole discretion, settle Contracts at last fair market prices, or extend the Expiration Date pending rescheduling, in accordance with the Contract Outcome Review Process. For the avoidance of doubt, if {event} is abandoned, suspended, or otherwise terminated before the governing body declares an official result, and is not resumed or replayed before the Expiration Date, such termination shall be treated as a cancellation for purposes of this provision.
  - **Truncation:** If {event} concludes early, is shortened, or is truncated for any reason, the outcome shall be the declared result as of the termination, if a winner is declared by the governing body.
  - **Pre-Event Withdrawal:** In the case of a withdrawal, walkover, or removal of {participant(s)} before the scheduled start of {event}, Contracts for that {participant(s)} will settle at last fair market prices.
  - **In-Event Retirement:** If {participant(s)} retires, forfeits, is disqualified, or otherwise ceases to compete during {event}, the outcome at the time of retirement or disqualification governs, if a winner is declared by the governing body and the {event} is not declared a no-contest or void.
  - **No-Contest:** If the governing body declares {event} a no-contest, the Exchange may, in its sole discretion, settle Contracts at last fair market prices or initiate the Contract Outcome Review Process.
  - **Replayed Events:** If {event} is replayed in its entirety pursuant to a protest or governing body decision before the Expiration Date, the result of the replay shall govern settlement. If the replay occurs after the Expiration Date, the original result shall stand.

- **Forfeit:** If the governing body declares {event} a forfeit, the total score for settlement purposes shall be calculated using the official forfeit score declared by the governing body.
- **Venue Changes:** A change in the scheduled venue of {event} shall not affect the validity or settlement of the Contract, provided the governing body continues to sanction {event}.
- **Final Settlements:** Once an outcome has been determined by the Exchange in accordance with the objective criteria set forth herein, such determination shall be final and shall not be subject to appeal or revision for purposes of settlement.

- In the event of a dispute as to whether the Payout Criterion has been met, the Exchange shall resolve such dispute in accordance with the procedures set forth in the PMUS Rulebook.

Example: "Will the total score in Super Bowl LXI between the Kansas City Chiefs and the Philadelphia Eagles be more than 47 points?" would settle as $1.00 if the combined final score exceeds 47 points (e.g., Chiefs 28, Eagles 24 = 52 total), and $0.00 otherwise (e.g., Chiefs 24, Eagles 17 = 41 total).

Additional Settlement Contingencies:

- Official result changes announced after the Expiration Date shall not affect settlement. The Exchange relies solely on information available at or before the Expiration Date and Time.
- Post-event protests, appeals, or litigation initiated after the official declaration of the result do not affect settlement.
- Market rumors, pre-event predictions, unofficial announcements, or third-party speculation shall not constitute settlement data and will not affect the settlement value.
- The Exchange will publicly identify the Source Agency as the key source of settlement data for each Contract, while retaining the right to apply the Source Agency hierarchy as defined herein.

Sport-Specific Illustrative Examples

The following examples illustrate how the settlement rules above apply in specific sporting contexts. These examples are provided for convenience only, are non-exhaustive, and do not create additional rules or modify the general settlement provisions.

Baseball:

- If a game is called due to weather after 5 complete innings and the governing body declares an official final score, the **Truncation** provision applies and the total score at termination governs settlement.
- If a game is forfeited with an official forfeit score of 9-0, the **Forfeit** provision applies and the total is calculated against the forfeit score (9).
- If a game is protested and replayed in its entirety before the Expiration Date, the **Replayed Events** provision applies.
- Extra innings scoring is included in the total score unless the Contract Terms specify regulation only.

Basketball:

- If a game is suspended and resumed within the scheduling window, the **Later Dates** provision applies and the final total score governs.
- If a game is suspended and not resumed before the Expiration Date, the **Cancellation** provision applies.
- Overtime scoring is included in the total score unless the Contract Terms specify regulation only.

American Football:

- Overtime scoring is included in the total score unless the Contract Terms specify regulation only.
- If a game is postponed and rescheduled within the same scheduling week, the Later Dates provision applies.

Ice Hockey:

- Unless otherwise specified in the Contract Terms, overtime goals are included in the total score. In a shootout, the winning team is credited with one additional goal for settlement purposes, consistent with governing body convention.

Soccer:

- Unless otherwise specified in the Contract Terms, the total score is calculated at the end of regulation time (90 minutes plus stoppage time). Extra time and penalty shootout goals are excluded.

Eligibility: In addition to the general prohibition against trading on material nonpublic information in violation of a pre-existing duty, the Exchange will institute additional prohibitions for trading the Contract. Persons under 18 years of age are not permitted to create Polymarket US accounts. The following individuals will be prohibited from trading:

- For professional organizations, or where the Exchange otherwise deems appropriate, current and former players, coaches, and staff of the relevant organizations;

- For collegiate organizations, or where the Exchange otherwise deems appropriate, only current and former players, coaches, and staff of the specific participants, rather than the organization as a whole;
- Paid employees of and participants in the organization responsible for the event;
- Ultimate beneficial owners of participants in the event or of the organization responsible for the event; and
- Household members and immediate family of all above.
